

# Rajan Parmar

Full stack Web Developer

+91 97730-98181 | [rajan76858@gmail.com](mailto:rajan76858@gmail.com) | [LinkedIn](#) | [Github](#) | [Portfolio](#)

## Education

**GyanManjari Institute Of Technology (Gyanmanjari Innovative University\_)**

**Gujarat**

*Bachelor of Technology in Computer Engineering*

*July 2024 - July 2028*

- CGPA : 7.6
- Studies : Data Structures & Algorithms , Artificial Intelligence , Web development , Database Management System , OOPs (Basics) , Operating Systems

## Technical Skills

- **Programming Languages** : Python, JavaScript, C, C++, HTML, CSS
- **Frameworks & Libraries** : React.js, Node.js, Express.js, Flask, Vite, Tailwind CSS
- **Databases** : MongoDB, JSON
- **Developer Tools** : Git, GitHub, VS Code, PyCharm, PowerShell, Linux (Ubuntu), Windows 11
- **Core Competencies** : Full-Stack Development, MERN Stack, RESTful APIs, AI Integration, Database Design, System Architecture

## Projects

**Skill-Swap** | *MERN Stack, Real-time Chat, API Integration*

[skillsharex](#) | [Github](#)

- Created a skill-sharing marketplace enabling users to exchange knowledge and expertise. Integrated real-time chat functionality and notification system for seamless user interactions. Implemented user profile management with skill categorization and rating system.

**Airport Management System** | *Full-Stack Development, Database Design*

[Github](#)

- Engineered a comprehensive system for managing flight schedules, passenger bookings, and airport operations. Designed normalized database schema to efficiently handle complex relationships and data integrity. Created admin dashboard for real-time monitoring and management of airport resources.

**Jarvis AI Assistant** | *Python, Flask, Voice Recognition, Machine Learning*

- Created a skill-sharing marketplace enabling users to exchange knowledge and expertise , Integrated real-time chat functionality and notification system for seamless user interactions , Implemented user profile management with skill categorization and rating system.

**GitHub Explorer** | *HTML, CSS, JavaScript, GitHub API*

- Created a skill-sharing marketplace enabling users to exchange knowledge and expertise , Integrated real-time chat functionality and notification system for seamless user interactions , Implemented user profile management with skill categorization and rating system.

## Achievements

- Reach **Finalist position** at Milople District Level Hackathon , Bhavnagar , Gujarat , 2024
- Achieved **Runner up position** At Technova Hackathon, Gyanmanjari Innovative University , 2025
- participate **Techmanjari** , Gyanmanjari innovative University , Gujarat , 2024
- Project Portfolio: **Built and deployed 7+ full-stack applications demonstrating proficiency in modern web technologies**

## Experience

**Python Development Intern**

*Quick Send Company* | *1-Month Internship*

- Developed and maintained Python scripts to automate tasks and improve workflow efficiency.
- Worked with core Python concepts, data handling, and basic debugging techniques.

**Web Development Intern**

*Elevate Labs* | *2-Month Internship*

- Built responsive web pages using HTML, CSS, JavaScript, and basic backend integration.
- Assisted in developing and testing web features to enhance user experience.
